## RV WIPER BLADE MERCHANDISER

Tru Vision

### RV MERCHANDISER

The Tru-Vision "Wiper Solutions Merchandiser" is specifically produced to give maximum impact in any retail store environment. With an attractive, eye-catching header card, individual product easily mounts to peg board or retail fixtures.

Merchandiser Part Number – TVRVM01

Merchandiser consists of the following:

Part Number	Description	Quantity			
TV1-16	16" Universal Blade Assembly	6	TV6-24	24" Heavy Duty Blade Assembly	6
TV1-18	18" Universal Blade Assembly	6	TV6-26	26" Heavy Duty Blade Assembly	6
TV1-22	22" Universal Blade Assembly	6	TV6-28	28" Heavy Duty Blade Assembly	6
TV3-20	20" Flat Screen Blade Assembly	6	TV6-32	32" Heavy Duty Blade Assembly	6
TV3-22	22" Flat Screen Blade Assembly	6			
TV5-18	18" Curved Screen Blade Assembly	6	Catalogue / Application Fitting Guide		1
TV5-20	20" Curved Screen Blade Assembly	6			
TV6-22	22" Heavy Duty Blade Assembly	6			

## TOW VEHICLE WIPER BLADE MERCHANDISER

Tru Vision

### TOW VEHICLE MERCHANDISER

The Tru-Vision "Wiper Solutions Merchandiser" is specifically produced to mount beside the Tru-Vision RV Merchandiser

Merchandiser Part Number – TVTVM01

Merchandiser consists of the following:

Part Number	Description	Quantity			
TV1-16	16" Universal Blade Assembly	6	TV1-22	22" Universal Blade Assembly	6
TV1-18	18" Universal Blade Assembly	6	TV1-24	24" Universal Blade Assembly	6
TV1-19	19" Universal Blade Assembly	6			
TV1-20	20" Universal Blade Assembly	6	Catalogue / Application Fitting Guide		1
TV1-21	21" Universal Blade Assembly	6			

# Frameless RV Wiper Blades That Get You Out and Back

**Boomerang's unique frameless design will get you through all types of weather.**

- All Weather Performance
- Jointless Construction
- Even Pressure Across the Entire Windshield
- O/E Quality and Design
- Easy Installation
- Aerodynamic Profile
- Sleek Modern Styling
- Outperforms Other Blades in Snow and Ice
- Reduces Windlift at Higher Speeds
- Quieter Than Traditional Designs
- Available in sizes from 20" to 28"
- Fits most Class A and C Motor Homes and Tow Vehicles (Pick Up Trucks)
- Tested in the Australian Outback

Available in the following:

Part Number	Length
BB-20	510mm/20"
BB-22	560mm/22"
BB-24	610mm/24"
BB-26	660mm/26"
BB-28	710mm/28"

## Tru Vision MERCHANDISER

The Tru-Vision "Wiper Solutions Merchandiser" is specifically produced to give maximum impact in any retail store environment. With an attractive, eye-catching header card, individual product easily mounts to peg board or retail fixtures.

Merchandiser Part Number – TVBBM01

Merchandiser consists of the following:

Part Number	Description	Quantity
BB-20	Boomerang Blade 510mm/20"	6
BB-22	Boomerang Blade 560mm/22"	6
BB-24	Boomerang Blade 610mm/24"	12
BB-26	Boomerang Blade 660mm/26"	12
BB-28	Boomerang Blade 710mm/28"	12

# Improve your driving Visibility

Here are some tips to identify worn or damaged wipers

Improve your vision with TRU Vision's comprehensive line of quality wiper blades. TRU Vision has wiper blades for virtually all "A" & "C" Class RV's on the road, so you will always be sure to have the right wiper blade on hand. That's why TRU Vision has the best RV wiper blade range on the market. With the increasing popularity of RV's every year, there is a greater need to replace the wiper blades more often. Make wiper blades the number one safety item to replace every six months.

All TRU Vision wiper blades feature a rugged metal construction and a "longer life" rubber wiping element for consistent, reliable performance.

Remember: Over 95% of all driving decisions are based on vision. Change your wiper blades now. For safety's sake, insist on the best and that's TRU Vision

### 1. CONTAMINATED RUBBER

Usually caused by road film, tar, and other chemicals adhering to the rubber refill surface. This will make the wipers streak/smear across the Windscreen.

**Remedy** • Replace the wiper blade.

### 2. TORN RUBBER

This is caused by long periods of sun and heat damage and usually occurs on older refills. The refill will usually slap the windscreen on each pass.

**Remedy** • Replace the wiper blade.

### 3. PARK SET RUBBER

Hardened rubber refill caused by direct sunlight and/or extreme temperature variations when wipers are idle. The rubber has lost most of its flexibility for effective return action. A permanent curve in the rubber will cause a chattering sound as the wiper passes across the windscreen.

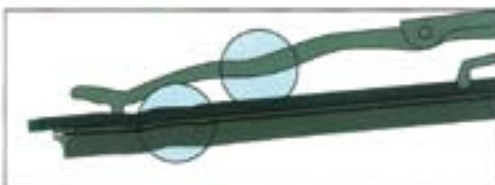

**Remedy** • Replace the wiper blade.

### 4. CRACKED RUBBER

This is generally found on particularly old wiper refills. The rubber is split, torn etc. This will result in very bad wiping performance . . . streaking, chattering etc.

**Remedy** • Replace the wiper blade.

### 5. DAMAGED WIPER BLADE FRAME

Bent arm, wiper blade or refill backing. This can be caused by tampering, vandalism, automatic wash machines or by lifting bonnet whilst wipers are raised.

**Remedy** • Replace the complete wiper blade and check wiper arm.

**You should inspect wiper blades every 3-6 months and replace for safer driving visibility**

### 6. REGULAR REPLACEMENT
